

## Math 7B- Webpage Tour

The purpose of this tour is to get you familiar with my website pccmath.com and introduce you to the course.

---

### (1) The Math 7B page

- Go to pccmath.com.
- Click on the link for Math 7B on the left. This is what I refer to as “the 7B page”. This is where you will find information about the course such as handouts, syllabus and sample tests.
- Read the syllabus THOROUGHLY and refer back to it during the semester. Return to the 7B page.
- Read the handouts: Common Algebra Errors and Homework Expectations. Return to the 7B page.
- Notice the resources listed. These are some of my favorite online resources. There are more on the pull down menu under LINKS.
- Notice the sample tests. It should be noted that these are not a comprehensive reviews but actual tests that were given in a previous semester. It can be used as a tool for studying for the exam, but should not be the *only* tool used. Return to the 7B page.

### (4) Assignment Sheet

- Click on the pull down menu (black bar) for Homework. .
  - The shaded problems should be review, I suggest you start on them.
- Return to the 7B page.

### (5) Announcement Page

- Click on the pull down menu (black bar) for “Announcements”. This is what I refer to as “the Announcement Page” (not the one on canvas). This is where you will find daily assignments and notices of upcoming tests etc. I update it daily after class so if you miss class, this is where you look
